

Welcome to Idsall School

A Poem by Kitty, Year 7

Year 6 students - listen up,
This is a poem so you don't get stuck.

I'll introduce you to Idsall School,
So you don't end up looking like a fool.

First the uniform is smart, black and green,
You must wear it properly, you'll always be seen!

Next is the stationery, don't ever forget,
Have a full set or a demerit you'll get.

Keep your head down, be polite and respectful,
Listen to your teachers and don't be forgetful.

Discipline is dealt with very seriously,
Don't give Mr Pittam a reason to act furiously!

There are lots of subjects for you to do,
Some of which will be completely new.

You will have different teachers throughout the week,
If you feel lost, you just have to speak.

But let me give you my best advice, always be polite and nice,
And with your teachers you must always flatter...
Or you'll end up them wanting your head on a platter.

The thing I like most, is the after school fun,
Session six activities when all the work is done,

From Rugby to Netball, Athletics and more,

There's still lots of Idsall for me to explore.

**From acorns to oaks, you shall grow
"E Glandibus Quercus"- you should know!**
